

Please do NOT loosen the rules for media companies. America is founded on diversity and variety in the communication is fundamental to our democratic system of government. We must not narrow the options and influences on the messages coveyed through our media. There is already so much bias in the news now. Allowing further corporate consolidation will just make it worse. Besides, there is no pressing economic case that even comes close to justifying such a radical move. Please do what is right for our country. Thank you.
